

Complete Line of
Purolator[™] Synthetic Bag Filters

Defiant

Defiant makes up our Better offering which is now better than ever! With exclusive, new media, Defiant now delivers higher dust holding capacity and lower pressure drop than before. With these product enhancements, this popular Defiant bag will continue to stand the test of time!

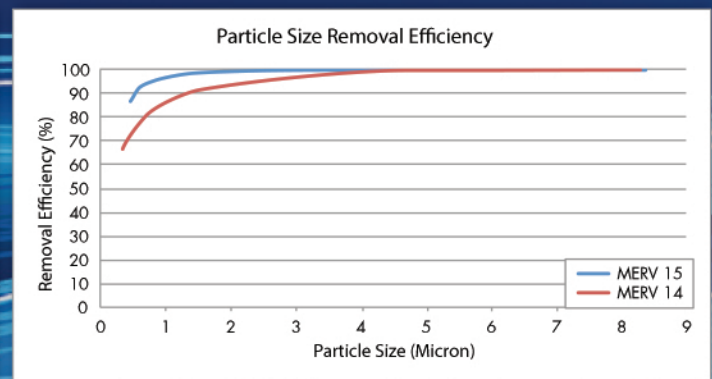

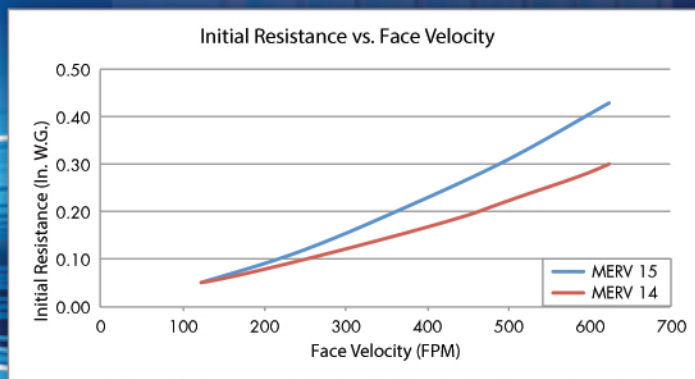

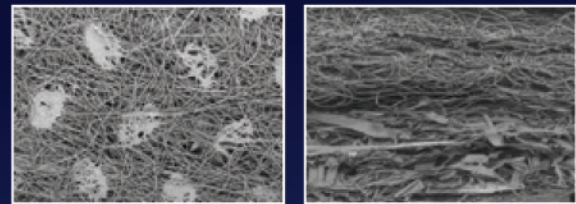

Key Benefits:

- Holds more dust with a lower pressure drop than Serva-Pak S
- Lower resistance than Serva-Pak S
- Reduced environmental impact vs. fiberglass
- Resistant to humidity and moisture

Key Features:

- New, exclusive, patented media with T-Flo[®] technology that's electrostatically enhanced
- Maximum surface use and superior air flow with uniform media spacing and rigid, self-supporting pockets
- MERV 15 captures 90%+ of particulate between 0.3 – 1.0 micron size particles
- Available in 2 efficiencies: MERV 15, MERV 14

Synthetic Bag Filters

Defiant

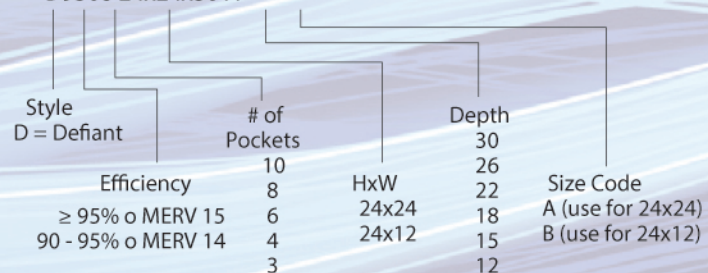

| | | |
|---|--|--------|
| Positioning | Better | |
| Media | Exclusive, patented media with T-Flo® technology | |
| Efficiencies | MERV 15 MERV 14 | |
| Initial Resistance | 0.31" w.g. (D950824x24x26) | |
| Final Resistance | 1.50" w.g. (D950824x24x26) | |
| Dust Holding Capacity | 276g (D9508 24x24x26) | |
| Particulate Removal Efficiency on 0.3 – 1.0 micron size particles | MERV 15 captures 90%+ | |
| Standard Face Sizes (HxW in) | 24x24 | 24x12 |
| Standard Depths (in) | 30, 26, 22, 18, 15, 12 | 22, 18 |
| Standard Pockets | 8 on each depth 6 on 26, 22, 18, 15 | 4, 3 |
| Custom Sizes | Available upon request | |
| Options Available | Optional headers Optional gaskets Pocket loops | |
| Classifications | UL Standard 900 | |
| Maximum Operating Temperature | 200°F | |
